

Dr. Guy Robin and Marke Harari exhibiting RADTriage in Japan

THIS PRESENTATION IS DEDICATED TO MY LATE FRIEND DR. GUY ROBIN,

- He was a great human and a patriot/soldier of Israel.
- He was incredibly nice, kind, gentle, friendly, helping, loving, caring, happy and a humble man.
- He had charming happy smile on his face all the time.
- I had privilege of knowing him since 2010.
- We have very vivid memories of his visits to JP Labs.
- He believed in RADTriage, got it evaluate by IMOD, got orders from IMOD and promoted it in Israel.
- He was well respected by peers in Israel, US & Europe.
- He was soft spoken but very firm, confident, resolute, highly knowledgeable, and a superbly competent scientist and administrator.
- We all miss him.
